

Order Enquiry Enhancement

25th June 2003

Sorting by date couldn't be easier with enterBooks.com!

Assisting our customers is important to Dawson Books, and we have acted on a suggestion from Umeå University Library in Sweden to give enhanced functionality to enterBooks.com.

A new option on the Order Enquiry screen now display orders either by "Date – Newest first" or "Date – Oldest first", giving greater scope for checking orders.

Orders can still also be sorted by ISBN, author, title and customer reference.
