

Fresh new titles from Earthscan and Amsterdam University Press on dawsonera!

Earthscan

The leading publisher in English on climate change, sustainable development and environmental technology for academic and professional, and also policy and general readers. Earthscan aims to publish original, reliable and significant work that helps to foster the conditions for genuine sustainability by providing the means for understanding and analysing the issues and the tools for resolving them.

Nearly 300 Earthscan titles have recently been added to dawsonera, covering a wide range of subject areas including:

- ▷ International co-operation
- ▷ Slums
- ▷ Ventilation in the urban environment
- ▷ Bioenergy systems
- ▷ Resolving environmental disputes
- ▷ Renewable energy systems
- ▷ Forest management
- ▷ Ecotourism
- ▷ Pesticides
- ▷ Sustainability assessment
- ▷ The story of conservation
- ▷ Community participation in China
- ▷ International investment for sustainable development

Amsterdam University Press

AUP has more than 1400 titles in English and Dutch, and publishes in the areas of humanities and social sciences.

125 titles have been added to dawsonera in the last week, and these cover subjects as diverse as:

- ▷ Welfare states
