

# Medical Publishing on dawsonera!

Many of our Publisher Partners on dawsonera have medical titles available and this is an area of dawsonera that is expanding rapidly. This week we focus on three specialist partners - Humana Press Inc, Marcel Dekker Inc and Manson Publishing.

## Humana Press Inc

*Humana Press is a major worldwide publisher of books in molecular biology, neuroscience, cancer research and medicine. Humana publishes approximately 150 book titles per year, roughly half in Clinical Medicine and half in Biomedicine / Life Sciences across a variety of study levels. Amongst the 260 titles available today for purchase on dawsonera we feature:*

- ▷ Apoptosis, cell signaling, and human diseases : molecular mechanisms
- ▷ Atlas of genetic diagnosis and counselling
- ▷ Atrial fibrillation : from bench to bedside
- ▷ Bringing pain relief to children : treatment approaches
- ▷ Cell signaling in vascular inflammation
- ▷ Computational genetics and genomics : tools for understanding disease
- ▷ Handbook of nutrition and pregnancy
- ▷ How to Examine the Nervous System
- ▷ Medical malpractice : a physician's sourcebook
- ▷ Musculoskeletal tissue regeneration : biological materials and methods
- ▷ Adipose tissue and adipokines in health and disease
- ▷ Bioethics in law
- ▷ Nuclear cardiology, the basics : how to set up and maintain a laboratory
- ▷ Retinal degenerations : biology, diagnostics, and therapeutics

## Marcel Dekker Inc

*Marcel Dekker, Inc. specialises in the scientific, technical, and medical (STM) fields and publish reference books, textbooks and encyclopedias for students, researchers, and practitioners in a variety of disciplines over subjects as distinct as Biology, Environmental Science & Pollution, Food Science & Technology and Medicine amongst many. More than 600 titles are available on dawsonera and these include:*

- ▷ Agricultural systems management : optimizing efficiency and performance - Books in soils, plants, and the environment
- ▷ Antibiotic optimization : concepts and strategies in clinical practice - Infectious disease and therapy
- ▷ Skin moisturisation : Cosmetic science and technology
- ▷ AIDS Related Cancers and Their Treatment
- ▷ Acute coronary syndromes
- ▷ Acute exacerbations of chronic obstructive pulmonary disease: Lung biology in health and disease
- ▷ Advances in spinal fusion : molecular science, biomechanics, and clinical management
- ▷ Age-related macular degeneration
- ▷ Biomarkers in clinical drug development : Drugs and the pharmaceutical sciences

## Manson Publishing

*Manson Publishing issues books for professionals and students in medicine, veterinary medicine and the sciences. Specialising in highly illustrated books for study and reference, produced to the highest standards in full colour in subject areas including medicine, veterinary medicine, earth science, plant science, agriculture, and microbiology. These are some of the titles available now on dawsonera:*

- ▷ A colour handbook of heart failure : investigation, diagnosis, treatment
- ▷ Blistering skin diseases
- ▷ Clinical neurology
- ▷ Eye care in developing nations
- ▷ Parkinson's disease
- ▷ Photodermatology
- ▷ Rapid review of ECG interpretation
- ▷ Valvular heart disease

Many more interesting and diverse subjects from over 200 Publishers can be found on dawsonera!
