

New Publishers strengthen dawsonera ebook content in Agriculture, Medicine, Veterinary Medicine and Fish Sciences!

This week we focus on Manson Publishing and Science Publishers (USA), two well respected publishers in these fields.

Manson Publishing

Manson Publishing issues books for professionals and students in medicine, veterinary medicine and life sciences. Subject areas covered include: medicine, veterinary medicine, earth science, plant science, agriculture, and microbiology. Manson specialises in highly illustrated books for study and reference, produced to the very highest standards in full colour. Here's a sample of the titles available on dawsonera:

- ▷ A colour handbook of heart failure : investigation, diagnosis, treatment
- ▷ A colour handbook of pests and diseases of potatoes
- ▷ A colour handbook of small animal emergency and critical care medicine
- ▷ Blistering skin diseases
- ▷ Clinical neurology
- ▷ Eye care in developing nations
- ▷ Feline orthopedics
- ▷ Handbook of systemic drug treatment in dermatology
- ▷ Mushroom pest and disease control : a colour handbook
- ▷ Parkinson's disease
- ▷ Photodermatology
- ▷ Plant nematodes of agricultural importance : a colour handbook
- ▷ Rapid review of ECG interpretation
- ▷ The equine distal limb : atlas of clinical anatomy and comparative imaging
- ▷ Valvular heart disease
- ▷ Vegetable diseases : a colour handbook

Science Publishers (USA)

Science Publishers (USA) publish in fish science, aquaculture, agriculture and environmental science. As one of the world's leading publishers in these areas of expertise their titles will appeal to many institutions in Scotland and Scandinavia with a particular interest in fisheries and marine science.

- ▷ Fish respiration and environment
- ▷ Fish endocrinology
- ▷ Fish cytogenetics
- ▷ Communication in fishes
- ▷ Fish larval physiology
- ▷ Microbial biotechnology in agriculture and aquaculture
- ▷ Ocean environment and fisheries
- ▷ Algal cultures, analogues of blooms and applications
- ▷ Baleen whales
- ▷ Compendium of world's medicinal flora
- ▷ Genetics and breeding of sugar beet
- ▷ Medicinal plants: chemistry and properties
- ▷ Genetic improvement of solanaceous crops
- ▷ Bioremediation of aquatic and terrestrial ecosystems
