

Europe's leading ebook platform ...

A long history of innovation and partnership has been the hallmark of Dawson Books.

dawsonera is a natural evolution to this standard, providing libraries with the supply chain solutions they need. Integrating seamlessly with the existing Dawson services, this major investment indicates the long term commitment of Dawson to providing libraries and information departments with the content they require, whether printed books or new media.

Working with the world's leading academic publishers, Dawson Books has ensured that rich and diverse content populates dawsonera for the benefit of your library users.

Link seamlessly to ebooks

Multiple entry points promote the discoverability of ebooks. Dawson provides persistent URL links to ensure libraries can deep-link at title, chapter or page level from the library catalogue, direct to full text.

In addition, links to ebooks can be integrated with virtual learning environments such as Blackboard or Moodle and other electronic resources.

Publishing Partners

Dawson has licensed 130,000 ebooks. Coverage on dawsonera now extends to over 300 publishing partners.

The number of titles on dawsonera continues to rise as content from newly signed publishers and weekly feeds from existing publishers are loaded to the platform. Dawson works in partnership with libraries and publishers to ensure that front list material relevant to the academic community is available to purchase on dawsonera.

To view the current listing of dawsonera publishing partners please access www.dawsonbooks.co.uk/services/e-books .

Contact us

To arrange a 30 day free trial, live demonstration or to take advantage of our title matching service, please contact a member of the dawsonera team: +44 (0)1933 417 500, or send your questions to enquiries@dawsonera.com .
