

## IET and iSmithers Rapra share their expertise with us!

This week we would like to welcome IET and iSmithers Rapra to our ever growing list of publishers.

### IET The Institution of Engineering and Technology

The IET runs a professional and academic book programme across 21 specialist disciplines. They publish the very best in electrical and electronic engineering research across its print and online journal collections, magazines and Inspec Database.

IET is a leading international scientific and technical publisher, offering a wide range of publications in many areas of engineering, science and technology, the Institution is Europe's largest professional society for engineers, and was founded by the Institution of Electrical Engineers (IEE) and the Institution of Incorporated Engineers (IIE). It is a community of those engaged or interested in engineering, computing and technology, and is an essential knowledge network for this community and beyond. The new institution is the inheritor of the IEE's products and services, which are specifically tailored to meet the needs of today's technology industry.

Titles that may interest you include:

9780863417061	Demystifying Marketing: a guide to the fundamentals for engineers
9781849190985	Oliver Heaviside Maverick Mastermind of Electricity
9780863419881	Nuclear Power

Over 100 titles from IET are now available on dawsonera so please browse their catalogue next time you're online.

### Smithers Rapra Limited

Smithers Rapra Limited is a leading international organisation with over 80 years of experience providing technology, information and consultancy on all aspects of rubbers and plastics. Smithers Rapra Limited was formed in 2006 when Rapra Technology became part of The Smithers Group. Rapra has extensive processing, analytical and testing laboratory facilities and expertise producing a range of engineering and data management software products, and computerized knowledge-based systems. Rapra also publishes books, technical journals, reports, technological and business surveys, conference proceedings and trade directories; all supported by a first class Information Centre which maintains and develops the world's most comprehensive database of commercial and technical information on rubbers and plastics.

2009 saw a record number of titles published by iSmithers Rapra and 2010 promises even more including publications in a new area - pharmaceuticals, and a new journal on Polymers from Renewable sources.

A selection of the types of titles they publish include:

9781847354518	50 Years of Polymer Testing
9781847350282	Biodegradable Polymers
9781847353788	Interaction of Polymers with Polluted Atmospheres

We have over 130 titles now available for you to purchase with new titles always being added as and when they're published, keeping you up to date at all times.
