

IT Governance signs to dawsonera

Dawson is pleased to announce the arrival of ebooks from IT Governance Ltd.

IT Governance offers specialist services and solutions for IT governance, risk management, compliance and information security, creating and delivering products and services to meet the evolving IT governance needs of today's organisations, directors, managers and practitioners.

The ebook collection, now available for purchase on dawsonera consists of titles written by specialists in their fields and includes titles such as Green IT in Practice, written by Gary Hird, of the John Lewis Partnership which contains a variety of ideas for establishing and formalising a Green IT programme within an organisation. Other titles feature disaster recovery and business continuity, as well as cyberwar and information security.

IT Governance has made over 30 ebook available for purchase, and new content will continue to arrive on the platform in the coming weeks. Highlights include:
