

Cambridge University Press adds 600 etextbooks to dawsonera

Dawson is pleased to announce the arrival of 600 etextbooks from Cambridge University Press.

This welcome addition from Cambridge University Press further emphasises the Dawson strategy to obtain textbook material relevant to the academic community. Dawson continues to negotiate with leading academic publishers to ensure that rich and diverse content is available to purchase on the ebook platform.

Throughout its history, Cambridge University Press has maintained a reputation for innovation and enterprise, through its use of printing technologies, publishing the latest research, and through supporting the latest methods for teaching and learning. Its purpose is to advance learning, knowledge and research worldwide. It publishes between 2,500 to 4,000 books annually for distribution in countries around the world.
